

Breyer[®] bee products

BULK PRODUCTS CATALOG

The Company

Breyer Produtos das Abelhas was founded in 1980 under the leadership of Professor Ernesto Ulrich Breyer, renowned for his work in beekeeping. The family has a centuries-old tradition in beekeeping, brought from Germany to Brazil in 1929.

Since then, the company has been establishing itself in both national and international markets, with the mission of offering products that promote health and well-being. A key milestone is its distinction as the first company in Brazil to launch propolis-based products.

With over 40 years of experience, Breyer markets its products throughout Brazil and exports to various countries in Europe, as well as the United States, Canada, and Japan.
